Report of Committee on Town Bridges

In early December the special committee authorized by the last town meeting inspected the Town's bridges. The committee reports on the condition of these bridges as follows:

1. Steel Bridge: The committee believes that steps should be taken to replace this bridge as soon as possible.

It is suggested that the selectmen be asked to get a new estimate of cost from the State; that if this estimate is \$110,000 or less and if the State agrees to pay 75% of the total cost, the selectmen be authorized to negotiate a bond issue for the Town's share on such terms as they consider appropriate.

2. Durgin Bridge: In generally good condition but needs a few new braces.

3. Bridges constructed by the Town under its regular annual program: In good condition.

4. Other bridges in generally good condition: Mt. Israel Road, Will Plummer, Whiteface at R. N. Peaslee's, Whiteface Intervale, steel bridge on Bennett Street, McCloskey Bridge on the Mountain Road, Mill Brook, Metcalf Road and Beede Bridges.

5. Bridges that could be replaced by culverts: Jake Brook, bridges nos. 2 and 3 on Bennett Street.

6. Bridges in need of repair or replacement: All bridges on the Notch Road, particularly the Beebe River Bridge, Wilbur Cook Jr. Bridge, bridges nos. 1 and no. 2 on Jake Brook, bridge no. 2 on Bennett Street, and the Plummer Pond Bridge. Some of these can be taken care of in the regular road maintenance program.

It is suggested that the next bridge to be replaced be the Plummer Pond Bridge at an estimated cost of \$3,000.

Forest Fire Warden's Report

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in or near woodland. Official figures show that more than 98% of all forest fires results from human carelessness and can be prevented. Consequently we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects are far reaching. Such fires destroy the raw products of the forest, the protection forest provides for game, and the supply of ground water. They upset the local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Your local warden and his deputies are doing an excellent job in trying to prevent this shameful waste, but they must have the cooperation of the public and this means YOU. Remember there are laws that cover the making of a camp fire, also the burning of rubbish or debris, and also the burning of brush whether this is on your land or land of other people, and to disobey these laws can cost you a great deal of money. So please see your local warden and he will tell you how to burn the rubbish, also when you can burn it, and also issue you a permit to do so if conditions are right.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we will call "I don't care." He is the person that builds a fire anywhere, never gets a permit to burn brush, or has a safe place for his home incinerator. He also is very careless with matches and cigarettes. The other one is called "I don't know any better" and the best way to describe him is he is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our valuable woodland being destroyed by fire. Even your homes can be burned by their carelessness.

It is up to you and you to report these two characters to your local forest warden whenever you see them operating. Remember it is with your cooperation that this shameful waste of timber and money can be stopped.

The School Patrol under the supervision of Mrs. Pierce is in operation and under the sponsorship of the Sandwich American Legion Post.

Town of Sandwich has received a Certificate of Merit from the Commissioner of Motor Vehicles for New Hampshire; issued December 30, 1957.

Juvenile Cases are on the increase in Sandwich and throughout the nation. Reason for this is probably the lack of home supervision, and non-supervised recreational activities. This year in Sandwich a supervised recreational program has been started with semi-monthly dances and organized sport program at the Town House. It is interesting to note that the Juvenile Cases presented to the Court **none** of the juveniles were residents of Sandwich.

Would like to take this opportunity to thank the Board of Selectmen, Mr. Francis Hambrook, Mr. Howard Jackson, State Police, Sheriff's Dept., and Conservation Dept. for their kind and generous cooperation which they have extended to me throughout the past year.

During the past year the following gifts have been made to the Town of Sandwich, for which the town is duly grateful.

Again this year, the Trustees of the Alfred Quimby Fund gave the sum of \$500.00 for bush cutting. Experiments were made with chemical sprays to help control the growth of bushes.

A gift of \$200.00 was given by John Pratt Whitman for the improvement and surfacing of Durgin Hill in the Quaker Neighborhood.

Our thanks go to the Explorer Post 66, B. S. A., and their leaders, for their interest and labors on community projects such as the Dog Pound, the Sandwich Squam Beach, and many other community activities.

SS Carroll, January 11, 1958

Personally appeared the said Charles G. Burrows and made oath the above certificate by him signed is true. Before me, W. Leroy White, Notary Public.

The Moderator turned the meeting over to Doctor Harold Conrad, Jr., Chairman of the School Study Committee set up by vote of the 1957 annual meeting.

Dr. Conrad stated that he had enlarged the committee to include the full boards of Quimby Trustees, School Board, Selectmen, Supt. of Schools Martin E. Heffernan, and from the Alumni Association, Mrs. Thelma Burrows, Mrs. Elva Floyd Bickford, Lester Burrows, Jr., and Grant A. Floyd. That the committee had met on numerous occasions, studying the question from the standpoint of buying into the Inter-Lakes School District, of attending Inter-Lakes High School on a tuition basis, or by taking such action as may be necessary to continue Quimby School.

Mr. Heffernan was called upon and he spoke about the state requirements for secondary schools, the visit last fall by the state committee and their recommendations.

Mr. Ford reported that the Trust has available funds sufficient to meet expense of necessary capital changes and told what the Trust can do.

Mr. Merriman spoke from an educational-financial standpoint and emphasized the point that much of the problem could be solved by increasing attendance of the school from around thirty to fifty or more.

Report of the Cooperative School Study Committee

Following the action taken by the townspeople at the last annual school meeting in March 1956 relative to the article in the warrant whereby the district voted to elect a committee of three (3) voters to work with the School Board, and such other committees as may have been authorized in neighboring school districts, to study the feasibility of forming a co-operative school district, and to prepare a report to be presented to voters at either a special meeting or at the next annual school district meeting, the committee hereby submits its report.

The committee elected in March consisted of Mrs. Florence Hodsdon, Mr. Kenneth Hunt, and Mr. Roland Hoag.

On May 11, 1956, the above committee, together with the School Board, met with similar committees and the Moultonboro School Board to discuss the advantages of any co-operative school district. Mr. Paul E. Farnum, Chief, Division of Administration, State Department of Education, outlined the steps in the formation of a Co-operative school district and discussed the school board's powers and duties, the apportionment of costs, the budget, and the advantages of building aid.

On June 8, 1956, at the Tamworth school, the same group met with representatives of the boards in the Madison, Ossipee Union to discuss the feasibility of forming a co-operative involving the towns of Sandwich, Moultonboro, Tamworth, Madison, Ossipee, Freedom, Effingham, and Middleton. At this meeting the problem of limited borrowing, distance of transportation of pupils, central location of a school, and pupil enrollment came up for discussion. The Conway school district has made plans to enlarge the building facilities and offer accommodations for towns in that area. As a result of this discussion, it is the unanimous feeling of the Sandwich committee that there is no practical possibility of forming a co-operative in that area.

On October 22, 1956, the Sandwich committee met with Mr. William Hacker, representing Quimby Trustees, and Mr. Orlando Lester, Headmaster of Quimby School. At that meeting, Martin Heffernan, Superintendent, outlined the ap-

proximate expenses involved in the event that Sandwich should join the Inter-Lakes School District. The cost of operating co-operative school districts is pro-rated among the districts in the proportions that the districts' equalized valuation bears to the total valuation of the property of the districts involved. On this basis, the Sandwich school district's share would be approximately $\frac{1}{5}$ of the total cost. In the event that Moultonboro later decides to join, Sandwich's share would then be $\frac{1}{7}$ of the total cost.

On November 13, 1956, the committee met once more with Mr. Hacker and Headmaster Lester, who explained the Quimby program in detail, pointing out also its aims and accomplishments. At this meeting, and also the October 22nd meeting, the possibility of an expansion program at Quimby School was discussed.

This committee recommends that a further study of the school question be undertaken by a new committee composed of a representative of the Trustees of the Alfred Quimby Trust, a representative of the Sandwich School Board, and a voter of the Town of Sandwich who is not a graduate of Quimby School.

Respectfully submitted, February 8, 1957, by the committee:

Report of School Nurse

During 1957 very few communicable diseases were reported to the school nurse. In October there were many children absent with a flu-like illness.

The School Health Program included the usual vision tests with the Good-Lite machine, the hearing tests with the Maico Audiometer, measurements of heights and weights and frequent inspections of each child. All defects were recorded, parents notified and corrections made.

The Polio Salk vaccine clinics were completed in the Spring of 1957. My records show the following:

Sandwich Central School:

83 children have completed 3 shots
3 children have completed 2 shots
1 child has completed 1 shot.

Quimby School records show:

30 students have completed 3 shots.
This shows wonderful cooperation of the parents with the program and our children have received the best known protection against the dread disease, poliomyelitis.

Some children were transported to the Orthopedic Clinic in Laconia.

Thirteen children came to the pre-school visiting day in May. This day is to acquaint the children and parents with school activities and for the nurse to record each child's heights, weights, vision and past health histories.

We were fortunate to have Mrs. Madeline Given, Dental Hygienist from the State Department of Health, present to talk with the children about the care of their teeth. Each child was given a tooth brush to take home.

In November, the State Dental equipment and supplies were moved to the school to provide a dental cleansing and applications of sodium fluoride to the children's teeth. This program was sponsored by the P. T. A. Mrs. Herberta Stark, Dental Hygienist of Meredith, operated this service.

Eighty-five physical examinations were completed in October by Dr. Conrad, school physician. In November, 29 physical exams were completed at Quimby School.

Two Flu Clinics were held at the Central School, one in

November and the second in December. Records show the following number of school children receiving the vaccine:

74 children from the Central School
20 students from Quimby School.

Vitamin pills were again donated by the Red Cross to all children at the Central School during the winter months.

Report of the Superintendent of Schools

To the Members of the School Board
and Citizens of Sandwich:

I herein present my third annual report as superintendent of Supervisory Union #2 which includes the Sandwich schools:

The ability to place satellites in outer space has aroused deep concern in regards to education during the past year. The public is becoming fully aware that the future of nations rests in considerable measure upon progress in science and technology. There is widespread agreement that improved opportunity to learn must be opened to those minds which are capable of scientific excellence.

Scientific education is not the only need of America today. Fully as important as progress in science is the promotion of American Democracy and the preservation of peace.

The building of peace calls for knowledge and insight, and so the children of today, who will be the philosophers, the historians, the social scientists and the scientists of tomorrow, hold the promise of the future.

P. T. A.

The P. T. A. has been very active this year in bridging the gap between the home and the school and many worthwhile meetings have been held on subjects dealing with the child and his school.

Music

Mr. Milton Gersh, a graduate of Boston University, is the supervisor of music education in Sandwich. There has been a great deal of interest shown in the instrumental program and as a result, Mr. Gersh is giving instrumental lessons in the elementary schools as part of the program.

Secondary Education

Providing a program of secondary education for the boys and girls of Sandwich has received a great deal of thought and discussion through the committee that was appointed at the last annual meeting. The facts of the study were presented to the citizens on January 11th at a special meeting in the Town Hall, and the concensus of opinion was that

Quimby School should be maintained as the high school for Sandwich.

This past year has seen a great deal more activity in the social and athletic programs of the community for the elementary school child. The interest in providing for the social adjustment of the individual child is very worthwhile and is to be commended.

Conclusion

The members of the teaching staff, school personnel, transporters, members of the school board and citizens are to be congratulated for the fine cooperation in dealing with the problems in the education of the children in the community.

Respectfully submitted,

MARTIN E. HEFFERNAN

In accordance with the Minimum Standards and Recommended Practices for N. H. Secondary Schools Grades 9-12, the minimum school year shall consist of 180 days. A "school day" is a day when school is in session for the prescribed minimum of 5½ hours.

Total number of school days scheduled in above calendar is 183. This permits 3 days for bad weather or other reasons. Any days missed in excess of this will be made up by lengthening the school term after June 18, using part of a vacation or holding session on a Saturday.

Report of Principal

The past year has been a year of learning and progress at Sandwich Central School. New texts in social studies in grades 3 through 6, and new literature and science texts in grades 7 and 8 have added to the enjoyment of these subjects.

A dental clinic was held in the fall and fluorine treatments were given to all children in grades 1 through 6.

Mr. Milton Gersh, our music supervisor, is conducting instrument lessons for pupils in grades 5 through 8. Twelve children are taking these lessons. Instruments are rented from Quimby School for five dollars for the year, which is much less than the cost would be from a music company. The children are enthusiastic and seem to be making good progress.

To bring the pupils of the upper grades together in a social way, socials are held once each month on a Friday evening. The children enjoy these evenings very much, even though we try to accent proper behavior at social functions.

I am glad to report that, after a full year of the Rinehart Writing System, penmanship throughout the school shows much improvement. This seems to be a very worthwhile addition to the school program.

A highlight of the social studies program in grades 7 and 8 was a trip to Concord to visit the legislature. The children heard a bill debated, and later met the Governor.

In conclusion I would like to mention the shrubbery which adds so much to the appearance of the building, and the bird feeding station which has given so much pleasure to the children. The shrubbery was the gift of Mr. Wadsworth Hight, and the feeders were made and presented to us by Mr. and Mrs. Wayne Thompson.
